

NEW SHOES

Prayer News * November 2024

The expression **“new shoes”** (literally “a change of shoes”) in Spanish is a metaphor for any important step or transition in growing up. Our “new shoes” are our new car and new building. But their real value is the children in them. Each child is unique and irreplaceable, and we want them well equipped.

In the case of our vehicle, its rental agreement expired. We have replaced it with another seven-seater, but a more economical one, an ideal choice for our needs. The deadline for purchasing the plot of land for our new home is also approaching. For those of you who have not participated (or wish to do so again), don't miss out on the chance of helping with this wonderful project. We still have a short time to collect the last few thousands of euros needed, as we fix the date for notarising the purchase agreement. We are also open to loan proposals with flexible, interest-free repayment plans. We've nearly reached our target; **each shoe is necessary**, and needs to be a good fit... Thank you, all of you!

PRAYER NEW

We pray **that we may fully cover the land purchase price**, as we thank God for having already covered a major part of the amount.
