

REMEMBERING THE FUTURE

Prayer Topics * November 2025

We recall that not-so-distant **YESTERDAY**. What were the “Resi” calendars like years ago? Once upon a time, they were handy notes for preparing delicious meals. They came with interesting cooking recipes — do you remember them? **TODAY**, we already have thousands of cooking tutorials online. For a few years, they were wall calendars proudly displayed somewhere visible in the house. More recently, they’ve become desk calendars with attractive images and inspiring phrases. For **TOMORROW**, in the coming year 2026, we’ll enjoy cheerful images of children accompanied by famous quotes dedicated to them.

But a calendar is not made for **YESTERDAY**. It is a tool for the present and the future. It helps us plan our schedules and anticipate upcoming events. In our case, it also serves to raise funds while reminding us, month by month, that our Children’s Home needs support **TODAY** for the care of the children, and will need sufficient funding **TOMORROW** for our new building. We live the present with hope. Thank you for remembering the future with us.

PRAYER TOPICS

- (1) For **the continuity of our care service** over the coming decades.
- (2) For **the funding of the new building**, with land already acquired and plans already drawn.
- (3) For **the future educators and managers** who will take over from the current staff in the coming years, ensuring continuity in keeping with our values.
