September 2026

THE FUTURE BEGINS

The future begins. New teeth are appearing. **The new school year** is starting. New children will be starting at our Home, "la Resi". And in the coming months construction work on the new RIE building will begin... The future is already taking shape because we will make it happen by working hard in the present. So... let's get moving!

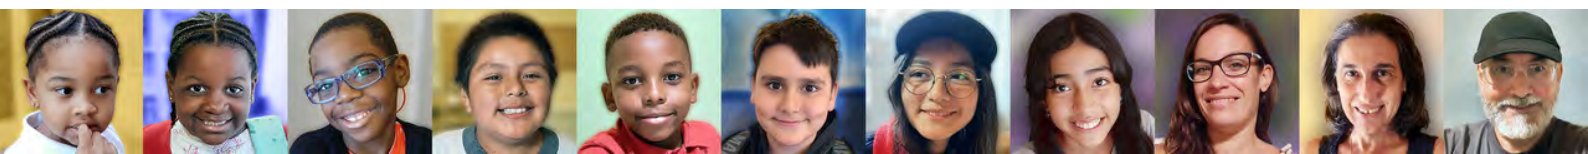

New teeth. New knowledge. New friends. New volunteers. New helpers... But everything that's new joins what was already in place. We continue to care for the children that are still with us, making the most of our now temporary premises in Sant Just. We will write our future with the values we've always cherished, our effort, and our enthusiasm. Thank you for supporting us.

PRAYER TOPICS:

For all the official paperwork, which government offices should have already completed in September, to allow the approved **admittance of new children** to take place.

For the **funding for the first construction** phase of our new Home, so that building work can begin in January as planned.
